### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Shareholders First Austin Investments Austin, Texas

We have audited the accompanying statement of financial condition of First Austin Investments as of December 31, 2004, and the related statements of income (loss), changes in ownership equity, changes in liabilities subordinated to claims of general creditors and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of First Austin Investments as of December 31, 2004, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Pages 3, 4, 6 and 7 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## FIRST AUSTIN INVESTMENTS

### **NOTES TO FINANCIAL STATEMENTS**

### Year ended December 31, 2004

### (1) BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### NATURE OF ORGANIZATION

Texas Capital, Inc., doing business as, First Austin Investments (the "Company"), a fully-disclosed introducing broker-dealer located in Austin, Texas, is registered with the Securities and Exchange Commission (SEC), the State Securities Commissions of Texas and the National Association of Securities Dealers, Inc. The Company is engaged primarily in institutional and retail securities brokerage services. The Company began operations August 30, 2002.

#### REVENUE RECOGNITION

Securities transactions and related revenues and expenses are recorded on a settlement date basis.

### **INCOME TAXES**

The Company files its taxes with its parent company, First Austin Capital Management. First Austin Capital Management will assume any tax liability and as such there is no provision for corporate income taxes in the accompanying financial statements.

### **USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### (2) REGULATORY REQUIREMENT

The Company is exempt from the provisions of Rule 15c-3-3 of the Securities Exchange Act of 1934 (reserve requirement for brokers and dealers) as covered in Rule 15c3-3 (k) (2) in that it does not hold funds or securities for customers and it promptly transmits all funds and delivers all securities in connection with its activities as a broker or dealer.

The Company, as a registered broker-dealer, is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (SEC Rule 15c3-1). This rule requires that the Company maintain minimum net capital, as defined, of at least the greater of \$5,000 or 6-2/3% of aggregate indebtedness, as defined. Net capital and aggregate indebtedness change from day to day, but as of December 31, 2004, the Company had net capital of \$114,315 which exceeded its net capital requirement of \$5,000 by \$109,315. The Company's ratio was .10 to 1 of aggregate indebtedness to net capital.

## FIRST AUSTIN INVESTMENTS

## NOTES TO FINANCIAL STATEMENTS – (Continued)

## Year ended December 31, 2004

## (3) DUE FROM CLEARING BROKERS

The Company always introduces its clients' transactions on a fully disclosed basis to its clearing broker for execution, clearance, and depository operations in accordance with the terms of their clearing agreement. In connection therewith, the Company has agreed to indemnify the clearing brokers pursuant to the terms of its clearing agreement.

## (4) CONCENTRATION OF RISK

The Company maintains bank accounts which may exceed federally insured limits. Historically, they have not experienced any credit related losses.

# TAIT, WELLER & BAKER Certified Public Accountants

## REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5

To the Shareholders First Austin Investments Austin, Texas

In planning and performing our audit of the financial statements of First Austin Investments (the "Company") for the year ended December 31, 2004, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons.
- 2. Recordation of differences required by rule 17a-13.
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and is not intended to be and should not be used by anyone other than these specified parties.
